

Letter of Recommendation

To Whom It May Concern,

Guilherme has been a Senior Designer at Koncepted for more than 8 years. In that time, I have had the opportunity to work closely with him across a wide range of projects and to watch him grow into one of the most reliable and talented design professionals we had on our team.

He has led complex product design in niche web3, fintech, and gaming industries that require deep understanding to solve UX challenges. He consistently delivered great design quality in a fast-moving and dynamic agency environment, working on multiple projects simultaneously. Guilherme is highly proficient with Figma workflows, including scalable design systems, designs for real production teams.

He consistently contributed to a positive team culture, communicated clearly with designers and clients, and received feedback gracefully.

I recommend Guilherme with confidence as a valuable addition for any design team.

Feel free to contact me directly if you would like to confirm Guilherme's work in more detail.

Best,

Matija Dugar

CEO, Koncepted
